

In 2018-19 our students will have access to £105.60 for our PE / Sports funding.

- Our work in 2018-2019 is planned to further enhance the positive impact on performance, participation and enjoyment of PE & Sports for all of our students. We have a special focus on supporting talent, further engagement and inspiration of our less active students, developing the expertise of our staff (teaching and support) through work with coaches, experts and other professionals, as well as enhancing the competition between our Federation schools.
- We are set to continue our work towards ArtsMark Platinum and the success of dance and yoga as a key part of our curriculum last year is something we look forward to progressing further this year.
- Our 3-school Federation has been working closely together for a year now and a key aspect of the joint work will relate to shared PE & Sports provision and development. We have already delivered shared PE CPD sessions and held a very successful football competition in the summer term for Y6. This year we plan to extend those competitions to other age phases and sports and continue to share our good practice.
- Much time and SSE (School Self-Evaluation) at the end of the 2017-2018 year has helped us reflect on lessons learnt, identify our best practice and to set our priorities for next year. We have also been able to use our student assessment data to prioritise learning areas for this next year.
- We will continue to build on our Greenside Whole Cohort experience each Friday afternoon with three stations of differing sporting challenges. This has a significant impact on student participation as we find something that engages everyone, developing their fitness and skills.
- We have secured the use of a local hall which maximises the opportunities through the winter months and allows us to improve the indoor equipment and offer this year.
- Our overall theme for this year is 'Challenge'. This allows us to continually improve and challenge students through sport as well as instill positive competition between classes and across the GGL.
- We will be exploring students' understanding of tactical awareness of sporting scenarios. This year we will challenge our students to focus on analysing the tactical strategies used in games to match the high level of physical skill with an equally high mental skill level consequently providing a complete approach to competition.
- We believe PE & Sports plays an integral part in our holistic approach to learning and it forms a strand of our World Ready programme and Specialisms. Our Specialisms link to our PE/ Sports targets and include: A student 1st aid course, sports science course, fitness, dance and Specialism Award Digital Badges linked to sporting challenges.
- We believe in the importance of PE & Sports as a fun, collaborative experience for all students where they are given the opportunity to develop new skills, build teamwork and experience competitive situations.
- Alongside this we believe in the importance of developing highly skilled professional sports students and developing the individual talents of those who show ability. We wish to support these students to compete to the best of their abilities at Greenside, across the Federation, local and national events.

- We are further developing Student Leaders and outdoor learning this year. We have seen great success with this in 2017-18 and see it as a key area to offer challenges that engage all students with fun competition.
- Our EYFS Team are a significant part of our plan for 2018-2019 to ensure Reception students develop their physical skills linked to the NC in KS1. We have identified gymnastics as the area to enhance - we will extend our CPD for staff to broaden the skills and techniques our students receive.
- We have further developed our sustainability from all staff mirroring a professional coach last year, by staffing our PE sessions so that an internal person who is a professional sports coach is part of the Friday experience, allowing further mirroring and development of the offering and staff skills. Our strategy for teaching and learning is now in its third year of our 5-year Greenside plan and model.

Our 2018-2019 Government PE/ Sports funding will be spent to:

- 1) Improve the quality of the teaching, learning and progress of students within different PE and Sports activities and to increase the range of sports offered. This will include additional staffing within Greenside and coaches working with us.
- 2) To develop the opportunities for competition both within Greenside PE units and across the Key Stage, across the GGL federation / TEF and through the borough offering.
- 3) To identify and develop the sporting talent at Greenside through increased opportunities and training.
- 4) Develop participation opportunities for students to develop healthy lifestyles
 - a) Utilising a professional coach to work with students and provide staff CPD.
 - b) ICT opportunities to support assessment and student reflection on performance.
 - c) Student Sports Leaders initiatives and lunchtime experiences.
 - d) Specialism Sessions - International Dance, sports science, fitness, healthy eating, personal bests, performance analysis.
 - e) Entrance into borough competitions and sports fixtures.
 - f) Extending the break and lunchtime offering through a choice of active challenges and developing the Sports Leaders.
 - g) Competitions between GGL Federation and TEF schools at a wider range of ages.
- 5) To inspire and develop the pedagogical skills of our staff by utilising professional coaches to build capacity and expertise within the school, strengthening the longer term delivery of PE at Greenside. We have ensured we are spending such funding within the guidance and to support our vision that all Teachers develop expertise and their own skills which also meet the needs of our Greenside cohort and context. All work with coaches is reviewed regularly and linked to this vision. Our Greenside SSE reflects a review cycle looking at best value, CPD and impact on student health, well-being, enjoyment and engagement, developing talent and sustainability of our work within the GGG (Greenside Growing Generation) programme.
- 6) Deliver a professional yoga course for students of all ages across the course of the year to offer an alternative to traditional sports and explore the health and wellbeing of the mind and soul.
- 7) The CPD development of a new sports leader.
