Class Teacher required for January 2019.

We are delighted to announce that we will have a Key Stage 2 vacancy for a Class Teacher at Greenside for January 2019. This follows the return to Australia of one of our most creative and talented Teachers! We are looking for a passionate and experienced practitioner with a love of outdoor learning to continue our amazing garden work at Greenside. The successful candidate will share a class with our Deputy Head and work alongside other teachers to support, model and Team Teach.

Greenside is a wonderful one-form entry Primary that learns in a different way. We have amazingly positive students who learn with passion and World Ready citizens. We teach both class and vertical groups with creativity at the heart of all of our Learning. Our learning is inspired by Film and we learn about, through and by making film.

Expectations, standards and results are high at Greenside. Teachers work hard; they are committed to our Experiential Learning Model and believe in creativity as being fundamental to student success. They are relentlessly positive and know that they make a huge difference to the life chances of our Greenside students.

We are part of the GGL Federation. We work in partnership with Griffin and Lena Gardens and this adds a wonderful layer of CPD and sharing of ideas across the Federation. We are proud members of The Elliot Foundation MAT and work closely with colleagues across our regions and academies.

Please check our website for further information and to read about our vision and Curriculum Model:
www.greensideschool.org

If you believe you have the qualities of creativity and flexibility, if you are a risk-taking, positive attitude to teaching and are looking for a new challenge in a unique environment we'd love to hear from you. If you could make a positive contribution to Greenside and the GGL Federation please complete our application form by Thursday 19th October and return to Karen Bastick-Styles – Executive Head – GGL.
