

## Health and Safety Statement

At [Greenside Primary School](#), we are committed to providing a safe, secure and healthy environment for all pupils, staff, families, visitors and members of the wider community.

The school follows the Health and Safety Policy of The Elliot Foundation Academies Trust and implements these principles through clear procedures, effective supervision and a strong culture of shared responsibility.

We believe that health and safety is everyone's responsibility. All staff are expected to contribute to maintaining a safe environment by following agreed procedures, reporting concerns promptly and modelling safe and responsible behaviour.

The school is committed to:

- Maintaining a safe and well-managed learning environment
- Ensuring pupils are supervised appropriately throughout the school day
- Carrying out risk assessments where appropriate
- Providing safe educational visits and enrichment opportunities
- Maintaining secure entry and visitor procedures
- Promoting safe use of equipment, resources and shared spaces
- Supporting pupils to understand how to keep themselves and others safe
- Ensuring fire safety and emergency procedures are understood and regularly reviewed
- Working closely with families, staff and external agencies to promote pupil wellbeing

Health and safety procedures are regularly reviewed to ensure they reflect the needs of the school community and support a positive environment where children can learn, grow and thrive safely.
