

INFORMATION SESSION

E-Safety at Greenside

Parent and Carer Coffee Morning

Thursday 15th October 2026

Keeping Children Safe Online

Working together to promote safe, respectful and responsible online behaviour

Supporting Your Child at Home

Stay Informed

Take an interest in your child's online activity, including the apps, games and platforms they use.

Encourage Kindness

Talk about respectful communication online and remind children that their words and actions can affect others.

Talk Openly

Encourage your child to share any worries or uncomfortable experiences they have online.

Keeping Children Safe Online

Working together through restorative support and proactive education

Working Together

We take concerns seriously when online behaviour affects children's wellbeing, friendships or safety in school. We work with pupils and families to address concerns through our restorative approach and behaviour systems.

Learning to Stay Safe

Online safety is taught through our curriculum, assemblies and discussions, helping children make safe choices, understand their responsibilities and treat others respectfully in digital spaces.

If you have a concern, please speak to the school early so we can work together to support your child.

Learning to Stay Safe - Our Jigsaw Curriculum

Building digital literacy, safe habits, and respectful online relationships through PSHE

Jigsaw PSHE Programme

Through our **Jigsaw PSHE programme**, children develop their understanding of online safety and learn how to make responsible choices in digital spaces:

- Understand how to communicate respectfully and build positive relationships online.
- Recognise that online words, messages and shared content can affect other people's feelings.

Safety & Empowerment

- Understand the importance of keeping personal information safe and recognising potential risks.
- Know what to do if something online makes them feel worried or uncomfortable, including telling a trusted adult.
- Develop confidence to make safer choices and seek help when needed.

Reinforced through assemblies, discussions and wider curriculum learning.

If you have a concern about your child's online experiences, please speak to the school early so we can work together to support them.

Computing at Greenside

A broad and balanced education encompassing Computer Science, Information Technology & Digital Literacy

Computer Science

Pupils develop understanding of algorithms, programming, and computational thinking-strengthening problem-solving skills and creative thinking.

Information Tech

Enables pupils to use digital tools confidently and purposefully to create content, communicate ideas, and manage information effectively.

Digital Literacy

Underpins our commitment to safe, responsible digital citizenship-navigating online critically, protecting personal info, and respecting others.

We are actively reviewing and developing our computing curriculum in collaboration with professionals to ensure it remains ambitious, relevant, and responsive to our pupils' needs.

Practicalities

Clear guidelines for device usage and mobile phone security at school

Chromebooks

At Greenside, Chromebooks are only used when with teachers.

iPads

No iPads are used independently by children.

Mobile Phones

Children only bring phones to school if they travel home independently, and they are stored away securely for the duration of the day.

Supporting Your Child at Home

Working together to promote safe, respectful and responsible online behaviour

Explore Together

Take an interest in the apps, games and platforms your child uses, including who they interact with.

Set Boundaries

Check age ratings and discuss screen time, privacy and the importance of thinking before sharing photos, videos or messages.

Open Dialogue

Encourage open conversations so your child feels confident talking to you about anything that worries them online.

Keeping Our Children Safe

It is everyone's responsibility to safeguard children and young people.

We are committed to safeguarding children and young people and expect everyone who works at Greenside to share this commitment. Everyone who comes into contact with children and their families has a role to play.

Designated Safeguarding Lead & Prevent Lead

Headteacher: Ciara Finney

Phone: 0208 743 6421

Email: safeguarding@greensideschool.org

Deputy Designated Safeguarding Lead

Staff: Sophie Weitzman, Karishma Mehta and Felicity Self.

Phone: 0208 743 6421

Email: safeguarding@greensideschool.org
