

GREENSIDE - Covid-19 : Operational Risk Assessment: February 2021

NOTE : A risk assessment is a dynamic document that should be reviewed and adjusted regularly. This version identifies some changes to earlier versions to support full reopening from 8th March. All changes are coloured RED for ease of incorporation into your existing running operational risk assessment . YOU DO NOT NEED TO REWRITE THE WHOLE RISK ASSESSMENT

G. Sept '20 & Jan '21 Operational RAs

Relevant gov.uk documents: [Schools Coronavirus \(Covid-19\) - Operational Guidance Feb 21](#)

[Safe working in education - preventing and controlling infection](#)

System of Controls as defined in gov.uk guidance

Prevention:

- minimising contact with individuals who are required to self-isolate by ensuring they do not attend the school
- ensuring face coverings are used in recommended circumstances
- ensuring everyone is advised to clean their hands thoroughly more often than usual
- ensuring good respiratory hygiene for everyone by promoting the 'catch it, bin it, kill it' approach
- maintaining enhanced cleaning, including cleaning frequently touched surfaces often using standard products, such as detergents
- consider how to minimise contact between individuals and maintain social distancing wherever possible
- keep occupied spaces well ventilated

Response to any infection:

- Promote and engage with NHS Test and Trace process
- Manage and report confirmed cases of Covid-19 amongst the school community
- Contain any outbreak by following local health protection team advice

GREENSIDE

Activity – Risk assessment for full opening. To be adapted by each Academy to reflect local specifics.
 Document to be read in conjunction with the TEFAT Full Opening Guidance.
 This is a dynamic risk assessment and will need to be reviewed by each Academy weekly.
